The Destination... Bali, Indonesia

Draped languidly across the equator, the charismatic archipelago of **Indonesia** is a smattering of diverse island jewels bobbing around in tropical seas. A visit is a great adventure in waiting – it's truly one of the last intrepid destinations left on the planet. The third most populous nation on earth has an incredible legacy of peoples, cultures and geography just waiting to be explored.

One of the most well known of the islands is **Bali** - a land that seems to have a magnet at its very heart. In Balinese mythology, it is said that the gods created the place to be special. Its purpose is to be a shrine, housing all the deities and the land was sacred and the island goes under many names. Some call it the 'island of the gods', others Shangri-La. The 'last paradise', the 'dawning of the world' and the 'centre of the universe' are yet more names for this truly beautiful tropical island inhabited by a remarkably artistic and spiritual people who have created a dynamic society with unique arts and ceremonies.

Our unique program, which captures the cultural and spiritual essence of Bali, has been developed in conjunction with the **Bali Institute for Global Renewal (BIGR)** -- a global learning organization that engages multicultural leadership, deep dialogue, cultural immersion, service learning, and Balinese indigenous knowledge in designing experiences for major American universities, international organizations, corporations, and individuals wanting customized trips into the heart of Bali. Its mission is to provide culturally-sustainable programs and cultural learning while increasing economic opportunities for the Balinese. <http://www.baliinstitute.org/index/html>

Like many islands, Bali has developed a world of its own. It not only captures what is special about Indonesia but also has a uniqueness of its own. Daily life is culturally linked to satisfying and appeasing the gods, spirits and demons as the local people celebrate the eternal struggle of "Good and Evil" - the very essence of this largely Hindu island. And, in the midst of breathtaking panoramas of cultivated rice terraces, impressive volcanoes and pristine beaches, lies Bali's main volcano, Gunung Agung, which is still active and considered sacred among local people as it is believed to be the centre of the universe.

The island is small, just 140 km by 80 km and lies between Java, the most highly populated and influential of all the islands, and Lombok, one of the quieter and moderately slower paced islands. Lying just 80 south of the Equator, the island offers a tropical climate with just two seasons a year and an average temperature of around 28o Celsius. It is one of the twenty six provinces of the Republic of Indonesia, divided administratively between eight districts that take their names and boundaries from the island's old Hindu kingdoms.

Economically and culturally, Bali is one of the most important islands of Indonesia. Rice is grown on irrigated, terraced hillsides; other crops include sugar cane, coffee, copra, tobacco, fruits and vegetables. Cattle and hogs are also raised. The Balinese are skilled artisans, particularly in woodcarving and in fashioning objects of tortoiseshell and of gold, silver and other metals. The people are noted for their traditional dance, the distinctive music of the gamelan and for their skills in weaving cloth of gold and silver threads, Songket, as well as for embroidering silk and cotton clothing.

Filled with charm, culture, mysticism and some of the most magnificent scenery on earth, Bali has enchanted visitors for centuries – let it cast it's spell over you as we take you on an educational and spiritual journey that you will never forget.....

The detailed itinerary...

Day 1 – June 30, 2012 (Sat) - Depart Toronto for Denpasar, Bali, Indonesia

Depart Toronto at 1.40am on Cathay Pacific Airways via Hong Kong to Denpasar, Bali

Day 2 – July 1 (Sun) – Arrive Bali (D)

***Ubud** is a remarkable town in the middle of the island of Bali. For more than a century, it has been the island's preeminent centre for fine arts, dance and music. By the early 1960s, Ubud had attained fame as a unique artists' community the entire artistic region around Ubud flourished, including the enclaves of Campuhan, Penestanan, Sanggingan, Nyuhkuning, Padang Tegal, Pengosekon, and Peliatan. Nearby are the centers of wood carving at Mas and of silverware at eluk. Described by many as one of the world's most magical destinations, Ubud, despite the advance of yoga centers, spas, villas, and luxury hotels, remains relatively unchanged and remains the spiritual and cultural centre of the island.*

Arrive Denpasar, Bali in the early afternoon. You will be met by your local guide upon arrival who will take you directly to your hotel for check-in. During the transfer your guide will give you some brief information about your hotel, its surrounding and about Bali as well as explaining your program for the following days. Check-in at your hotel and rest of the day free for your own leisure as you take some time to rest from your international flights.

Dinner and overnight at hotel.

Day 3 – July 2 (Mon)- Ubud – local villages - Dr. Suryani (B,L,D)

Breakfast at the hotel then proceed to village of Batubulan to watch a cultural performance of Barong and Keris Dance which describes the story of eternal fight between good and evil. The next visit will be to the artisan village of Mas as well as the Sukawati traditional market.

Lunch will be provided at the Lotus Café in Ubud.

Afternoon will be spent visiting with **Dr. Ketut Suryani**, a Balinese Healer and western trained psychiatrist and former head of the Psychiatry Department at Udayana University.

Considered the “mother” of Bali, Dr. Suryani is a world renowned author and keynote presenter at medical conferences around the world who has spent more than 40 years as a medical and social activist for the people of Bali. Dr. Suryani has written numerous books on spirituality, Balinese culture and education and she is currently the head of the **Suryani Institute of Mental Health** which provides advocacy and numerous mental health services for Balinese. The Institute’s vision is to create a healthy community using biopsychospirit-sociocultural approaches and to implementing the balance and harmony in a Tri Hita Karana concept to reach happiness in life. **Non-physicians** will have an opportunity to explore more local markets and shopping, or they are welcome to participate in the afternoon.

<http://www.suryani-institute.com/>

Dinner will be at the Indus Restaurant overlooking the Tjampuhan river.

Overnight at hotel.

Day 4 – July 3 (Tues) – Spiritual healer visits (B,L,D)

Breakfast at the hotel. Continue with a semi-private visit with **Prince Cokorda Rai**, the 77-year young internationally renowned Balinese healer and part of the Royal Family. Observe his **healing sessions with local Balinese people**. Doctors, psychologists, health professionals and others in the medical field make special trips from around the world to study with and observe his masterful powers and brilliance.

Lunch at Café Wyan In the afternoon there will be the option for exploring Ubud, shopping at the traditional market or wandering the streets that are filled with handmade items, museums, temples, and cafes or you may choose to return to the hotel and relax.

Dinner at Laka-Leke Restaurant. Overnight at hotel.

Day 5 – July 4 (Wed) - Ubud – Senang Hati, Gunung Kawi Temple, Tegallalang, Elephant Cave (B,L)

Breakfast at the hotel. In the morning, visit **Senang Hati**, a developmentally disabled NGO facility outside of Ubud that works to build a foundation where society accepts, welcomes, and values the equal participation of people with physical challenges. It’s vision is to bring people with physical challenges out of isolation and into society; to build self-worth and provide programs that support their physical and health needs, as well as to teach skills that will assist people with differing abilities to become productive and work towards independence and self-sufficiency, where possible. <http://www.senanghati.org/>

Most of the people are in wheelchairs or other support but all have a indomitable spirit that you feel the minute you arrive. Learn about the work of the foundation and enjoy a mask and dance performance performed by the residents (in wheel chairs). They will also play musical instruments – join in yourself as an accompaniment to this unique performance. There is also a small gift shop that showcases their amazing artwork, all proceeds helping to support the Foundation. Lunch will also be served at the facility.

In the afternoon there will be a private visit to the ancient **Gunung Kawi Temple**, one of the oldest temples in Bali built in the 11th century. Experience the mystery of these historical remains crafted in a side of a small mountain. Surrounded by lush green tropical rice fields -- you'll have a chance to meditate and listen to the silence. Be sure to bring your camera and good walking shoes as there are several steps to reach the temple.

Continue to **Tegallalang** with its beautiful rice terraces, coconut trees and small river valley. Then to **Yeh Pulu**, a site rediscovered in 1925 by archaeologists and covered by moss and shrubs -- yet local people still knew about it and placed offerings at the front of the carvings. Finally to **Goa Gajah (Elephant Cave)** - a site mentioned in the Javanese poem Desawarnana written in 1365. An extensive bathing place on the site was not excavated until the 1950s and this appears to have been built to ward off evil spirits.

Evening at leisure. Overnight at hotel.

Day 6 – July 5 (Thu) – Ubud – Royal Family & Udayana University (B,L)

Breakfast at the hotel.

This morning, enjoy a **private meeting and tour at the Peliatan Palace with the Peliatan Royal Family** including Cokorda Krisna Dalem Agung, one of the young entrepreneurial Princes who is involved with the Bali Institute. The village of Peliatan, once the seat of an offshoot of the royalty of Sukawati, is renowned for artistic activities. Their gamelan instrument and dance troupes travel abroad as cultural ambassadors – including one of the living princesses who, in the 1930s, was the first Balinese dancer to travel to the US with Bob Hope and Fred Astaire. Peliatan is also a centre of painting and woodcarving and many artist studios can be found among its Main Street and back lanes.

Then continue to **Udayana University** for lunch and a tour of the campus before an afternoon of **medical seminars** from both local and Canadian physicians as well as a dialogue with the Faculty of Medicine including it's local professors lead by Dr. Mel Borins. There will be a separate activity for **non-physicians** to see some of the local sites in Denpasar.

Return to Ubud.

Evening at leisure. Overnight at hotel.

Day 7 – July 6 (Fri) – Ubud – Amed (B,L,D)

***Amed** is the generic name given to a string of villages that line the coast on Bali's northeast corner. The main north-south road roller-coasters through several fishing hamlets as it passes magnificent landscapes of lofty mountains and curving bays of crystal tourmaline waters. The pebble beaches are lined with jukung, brightly painted fishing outriggers and each morning a spectacular sight awaits early risers, as the fishing jukungs return, sometimes laden with catches of baby mackerel. The pace of life here is slow and Amed has remained a backwater for many years, the home of hill farmers, salt makers, and fishermen and has distinctly retained the charm and ambience of old Bali.*

After breakfast, depart Ubud for Amed, the perfect next spot in this special cultural immersion experience in Bali. Sightseeing visits on the way will be at **Kerthagosa**, the name of the former **Royal Courts of Justice** in **Klungkung**. Set in a courtyard of ponds, the highlight is an elaborately decorated ceiling featuring the *wayang* style of painting. Then continue to **Goa Lawah (Bats Cave)** also located along the coast of southeastern Bali, where the temple is built around a cave filled with thousands of bats. Lunch at Garpu Restaurant in Candidasa before continuing through the lush landscapes on spectacular winding roads until Amed, with a great view of the traditional Balinese fishing boats, ready for their morning outings, as you approach the village.

Dinner and overnight at hotel.

Day 8 – July 7 (Sat) – Amed (B,L,D)

Enjoy a fantastic early ride on a traditional fishing boat for a morning sunrise you will never forget! Afterwards, relax, or maybe enjoy snorkeling and swimming, at Lippah or Jemeluk beach. Lunch will be provided at local restaurant. Then, a late afternoon walking tour to the huts up in the Amed hills where the indigenous villagers live and time seems to have stood still. In the evening, enjoy a special bonfire and BBQ prepared by the local Balinese villagers – an unforgettable evening on the beach...singing, guitar playing, dancing...

Overnight at hotel.

Day 9 – July 8 (Sun) – Amed – Tirtagangga – Mengwi (B,L,D)

*The central part of Bali is famous for its wonderful views with rolling green landscapes, clove and coffee plantations and spectacular terrain including the imposing Mount Batukaru, Bali's second highest peak at 2,276 metres. The town of **Mengwi** has a long and rich history associated with its royal family, and the best modern day manifestation of this is the splendid temple complex at Taman Ayun.*

Breakfast at the hotel with time for more relaxing in this calm, picturesque area until midday. Then, depart for Mengwi with a visit to **Tirtagangga** (holy water of the Ganges in Balinese), considered one of the world's most romantic gardens. Gushing springs flowing from beneath an ancient Banyan tree and holy temple fill the myriad reflecting and swimming pools that grace the Water Palace. You will have a chance to swim and relax before lunch at Tirta Ayu restaurant in Tirta Gangga.

Then continue on to **Mengwi** where you will stay in the ancient village at Puri Taman Sari. This is a **Traditional Balinese compound** owned by a member of the royal family of Mengwi, one of Bali's main kingdoms of old, nestled in shady coconut groves, surrounded by ricefields and rivers. This is your chance to see Bali as you would have found it in the 1920's. Enjoy privacy while having the exclusive and unique experience of seeing a private Balinese household in their daily ritual of life as they pray, live, cook and eat..

Traditional dinner and overnight at Puri Taman Sari.

Day 10 – July 9 (Mon) – Mengwi (including Taman Ayun, Monkey Forest, Tanah Lot) (B,L,D)

After breakfast, spend time taking in this small remote village witnessing it's fascinating daily activities. There will be a session with a **local Balinese herbalist** from the village (private sessions will be available at an extra charge)

After lunch, leave the compound to explore more of the local cultural sites, stopping first at **Taman Ayun Temple**, a legacy of its glorious kingdom's era. Pursuant to Papyrus Chronicle of the Mengwi (Lontar Babad Mengwi), this temple was sanctified in the year 1634. Then continue to **Alas Kedaton – Monkey Forest**. Alas Kedaton is a small forest located in the middle of rice fields in Tabanan regency, in the west part of Bali.

The monkeys here are very tame and free, gallivanting in the temple yard. They serve as the custodians of the temple, and are always ready to greet visitors. Also, at least 24 types of grove plants have been identified in Alas Kedaton.

At the end of the day, continue to **Tanah Lot** to see the Kecak Dance and a spectacular sunset followed by dinner at Melasti Restaurant by the ocean.

Return to Mengwi (Puri Taman Sari) for overnight.

Day 11 – July 10 (Tues) – Mengwi – Pemuteran (B,L,D)

*When a small group of pioneer investors bought land in the area in the mid-1980s, they vowed to adhere to the ideals of gentle tourism and to create a hideaway for discerning visitors, in which they succeeded. **Pemuteran** is an eco-friendly village that lies in the shadow of mountains to the south and to the north is Menjangan Island, one of the best diving areas in the world.. Pemuteran is considered the capital of the “unseen” or the spirit world and also has the largest area of shallow coral reefs in Bali being easily accessible and free of strong currents and waves making it perfect for swimming, snorkeling and diving.*

Breakfast at hotel then travel to the north west corner of the island to Pemuteran. Witness the magnificence of Bali on the way to this picturesque coastal village. On the way, visit the **Ulun Danu Temple** and **Bedugul traditional market**.

Lunch will be provided at local restaurant. Arrive late in the day and witness one of the many spectacular sunsets.

Dinner and overnight at hotel in Pemuteran.

Day 12 – July 11 (Wed) – Pemuteran (Sunrise cruise, Traditional Healing) (B,L,D)

Awake early to experience another sunrise on a traditional fishing boat for an unforgettable morning. Cameras and videos a must, and, if you are lucky, you may be greeted by a school of dolphins! Afterwards enjoy a delicious breakfast.

Morning visit to **Coral Reef Restoration Project** sanctioned by United Nations and developed by Pak Agung Prana, one of the Bali Institute advisors. The rest of the morning is free to relax at your resort or snorkel at the amazing sea world right next to your hotel.

Lunch at the hotel and then learn about **Traditional Healing in Bali** from a local Balinese healer as well as exploring the local sites. Dinner with local Balinese families and an opportunity to learn more about the local culture directly from the villagers. Overnight at hotel.

Day 13 – July 12 (Thu) – Pemuteran (Menjangan Island) (B,L,D)

Breakfast at hotel, then drive / sail to **Menjangan Island**, an island off the western tip of Bali famous for being one of the best diving and snorkelling spots in the region. Named after a local species of deer (hence the name of the island is also often translated as Deer Island), Menjangan Island is technically part of **West Bali National Park**. The habitat is very varied with rainforest, dry savanna, acacia scrub and lowland forests, as well as more mountain forests in the higher centre. There are also some pockets of dense mangrove forest. Over 160 bird species are found in the park, including the near extinct Bali Starling, as well as several mammals including the Banteng (a species of wild cattle). Java Rusa and Indian Muntjac deer, wild boars and leopard cats.

Enjoy the day snorkeling or relaxing by the beach. Lunch is included.

Dinner and overnight at hotel.

Day 14 – July 13 (Fri) – Pemuteran – Legian (B,L,D)

Legian is a beachfront town on the southern tip of Bali and offers a more relaxed, laid back option than neighboring Kuta. It is an excellent base for exploring some of Bali's southern sites or relaxing at the end of a circular tour of the island.

Breakfast at hotel and relax until midday. After lunch, head south through the eastern aspects of the island for your final two nights in Legian beach.

Before dinner, **Dr. Mel Borins** will make his key note address where will provide an overview of all the many from previous educational sessions and visits followed by a group question and answer session regarding **Different Balinese Healing Practices**. Dinner and overnight at hotel.

Day 15 – July 14 (Sat) – Legian (B,D)

Breakfast at your hotel and your final day is at leisure - maybe some shopping for local Balinese handicrafts, see how the local jewelry is made or visit other arts interests in the area. Or just relax at your hotel by the pool or in the ocean. Lunch on your own and in the afternoon head to Jimbaran beach where you will have a chance to go for a final swim in the mild waters before enjoying a **Farewell Seafood BBQ dinner right on the beach** while watching a beautiful sunset.

Overnight at hotel.

Day 16 – July 15 (Sun) – Legian – Denpasar – Hong Kong (B)
