The Destination... NEW ZEALAND

New Zealand is a unique land of breathtaking scenery that includes some of nature's most surreal and stupendous ideas, from flightless birds to gigantic kauri trees. Superlatives abound here and visitors may struggle to adequately describe everything they see and experience.

Thrust into the world's spotlight by the success of *The Lord of the Rings* trilogy, the country has seen a massive surge in visitor numbers and continues to reap the benefits of this cinematic triumph; and if the country overwhelmed and wowed viewers on the big screen, it'll leave them breathless when they arrive and explore its remote, rugged and remarkable landscape in reality. New Zealand is deceptively diverse and complex, punching well above its weight in terms of what it can offer to both the first-time and repeat visitor.

It is a country made up of two major islands, simply called North and South Islands. They contrast in not only terrain and physical features but also in character and attractions.

The **North Island** is less dramatic visually than its southern counterpart, but is home to around two thirds of the country's inhabitants. The majority of the major urban centres are here, including the capital **Wellington**, situated between green hills and a magnificent harbour and renowned for its natural beauty and also its arts, and culture; and the largest city **Auckland**, known as "The City of Sails" with its numerous boats moored in its attractive harbour. And, not to be missed is **Rotorua**, a volcanic geothermal wonderland of spurting geysers, steaming hot springs and boiling mud pools and also the centre of Maori culture. But as well as being the more vibrant and multicultural of the islands, nature is still a major player here, with volcanoes, swathes of forest, gushing rivers, spectacular thermal regions and a mass of outdoor activities to undertake.

The **South Island**, in contrast, is home to far fewer people, but boasts the country's most spectacular scenery. Empty beaches, soaring mountain ranges, glaciers, fjords and wide-open expanses are all waiting to be discovered. **Christchurch**, steadily recovering from the 2011 earthquake is a charming city with a strong English atmosphere. **Queenstown**, located on Lake Wakatipu is the perfect centre to visit the fiordlands, including the majestic **Milford Sound** with its mountain peaks and cascading waterfalls as well as the Milford Track trek from the Sound to attractive Lake Te Anau through breathtaking alpine and fiord scenery.

New Zealand revels in its status as a world leader for ecotourism and has developed into one of the cleanest and greenest countries in the world. There are 14 national parks throughout the country and almost a quarter of New Zealand is protected land. Home to a mass of animals and birds including the reclusive kiwi, fur seals, yellow-eyed penguins, Hooker's sea lions, dolphins and whales, New Zealand is also a haven for wildlife enthusiasts and birdwatchers. Native trees and indigenous flora provide spectacular surrounds in which to seek out these local residents.

Pair the country's natural traits with a cultural resurgence that's seeing local films, literature, painting, sculpture and design gaining more and more attention, and there's a destination that's becoming increasingly cosmopolitan. Maori culture is thriving and the overall blend of indigenous and European culture provides a unique combination that's worth exploring in galleries, museums and theatres across the country. Throw in some exceptional local food and world-class wine, a slow food scene, thriving café culture, and a mass of regional specialities, and there's yet another reason to tour this small, but mighty, country.

The Itinerary...

DAY 1 – Jan 16, 2016 (Sat) – Depart Toronto

Depart Toronto in the morning for your flight to New Zealand on Air New Zealand. Specific flight times / routing will be forwarded upon registration.

DAY 2 – Jan 17 - In transit across the international date line

DAY 3 – Jan 18 - Arrive Auckland (North Island, New Zealand) (D)

*Improbably strung across a series of volcanoes, and punctuated by islands of green, **Auckland** is one of the most beautiful cities in the world. It is also extraordinary for the diversity of its population, with one-third of its residents born overseas. This makes it a genuine cultural melting pot and the most vibrant city in New Zealand.*

For unparalleled beauty, consider Auckland's natural assets. Framed by the summit of Maungawhau (Mt Eden), it is surrounded by the sweeping expanse of Waitematā Harbour to the north-west, with the distinctive cone of Rangitoto Island and the islands of the inner Hauraki Gulf to the north-east. On a clear day, Little Barrier (Hauturu) and Great Barrier (Aotea) islands and the Coromandel Peninsula shimmer in the distance.

Thanks to its location on a narrow isthmus, Auckland's districts weave around bays and harbours, so you're never far from the water. In total, Auckland and its surroundings are blessed with over 1,600km (994 miles) of unpolluted coastline featuring glorious beaches, so it's no surprise then that the city is obsessed with sailing, with more boats per capita in Auckland than any other city in the world, earning it the moniker 'City of Sails'.

Aside from its natural assets, Auckland is the country's most culturally diverse city, home to a significant Polynesian, Asian and Maori community, who make up almost half of its population. This diversity is reflected in Auckland's eclectic restaurants serving quality Pacific Rim cuisine and its lovely boutiques and fine shops. Despite the fact that it's the country's largest city, it's surprisingly small and has a village-like ambience. From its vibrant, regenerated waterfront and ever-expanding Downtown district to its hip suburbs with their Edwardian and Victorian delights, Auckland teems with delights.

Morning arrival in Auckland where you will be met by your guide from our local tour operator partner in New Zealand who will assist you to your waiting coach. Transfer to your hotel for check-in. Rest of the day at leisure to relax after your journey and to start to explore this cosmopolitan city. Maybe a ride on the historic tram, some shopping or a visit to the Botanical Gardens.

In the evening you will be transferred to the harbour and board the **Pride of Auckland dinner cruise**. Watch the fairy-tale lights of Auckland city pass by! A truly unique combination of sailing and dining, with a set fresh seafood menu! Enjoy the finest fresh produce in a calm and magnificent harbour setting. Your crew will be your hosts, cook and serve your meal and ensure your comfort. Then weigh anchor and the sails go up for an exhilarating after dinner sailing experience. (windproof and waterproof jackets provided to keep you warm and dry).

Return to the hotel.

DAY 7 – Jan 22 – Rotorua - Napier (B, D)

Napier, or the *Art Deco Capital of the World*, as it is often called, is the regional center of Hawke’s Bay New Zealand and is the main point for the export of wool as well as fruits. The Napier area is believed to have been settled by the Maori as early as the 9th century. In 1769, Captain James Cook arrived in this area, which was the first part of New Zealand to be sighted by him. The town was founded in 1854 and named after Sir Charles Napier, the British military hero who fought in Sindh, India. Napier was thoroughly destroyed by the earthquake of 1931 and, as a result, was rebuilt in the Art Deco style which was fashionable in those days. The town has some of the best preserved Art Deco buildings in the world on par with South Beach, Miami. The town also serves as an excellent base to explore the world famous Hawkes Bay wine area.

Depart Rotorua to Napier. A pleasant drive will take you into the heart of the Hawke’s Bay area, well known for its fruit growing and wine industry, the latter producing around 60% of New Zealand’s wine product.

In the afternoon take a specialised **Art Deco tour of Napier**. Napier’s now famous Art Deco reputation was a result of the massive earthquake of February 1931 and the subsequent rebuilding of the city in the Art Deco style so popular in the 1930’s. Registering 7.9 on the Richter scale, the earthquake levelled almost all of the buildings in Napier and raised the sea bed by 2.5 metres.

This tour combines a gentle walk through Napier city centre with a guided coach tour of the wider Napier area and is a truly complete Art Deco experience. Joining your coach, an Art Deco Trust guide will provide commentary on a tour including Ahuriri port and the 1930s residential suburb of Marewa. Disembarking at the Art Deco Centre, enjoy a walking tour through the city centre, providing a fascinating insight into the 1931 earthquake and the city’s rebirth into a world renowned Art Deco gem.

Dinner at the hotel. Overnight in Napier.

DAY 8 – Jan 23 – Napier winelands (B, L)

Today you will be joined by a specialized local guide who will take you on a comprehensive tour of the winelands of the area, including wine tastings and tours of several wineries. Visit the world famous **Gimblett Gravels Winegrowing District** and take time to look at the type of ground conditions the vines are growing in. Visit New Zealand's only winery museum and take a tour through the winery and also explore the old semi-underground fermentation tanks of yesteryear that are now set up as a museum and also many natural cellars. The wine making process will be explained from the arrival of the grapes through to the finished wines... white and reds separately.

Lunch will be at one of the local wineries. Overnight in Napier

Gimblett Gravels is a brand representing some of the world's finest full bodied red wines created from a special terroir located in Hawke's Bay, North Island, New Zealand.

In 2001, wine producers and winegrowers with land in this special area, formed the Gimblett Gravels Winegrowers Association in order to, collectively, promote wines from this special area to the world. The Gimblett Gravels brand combines the French concept of terroir with modern day thinking to define, protect and market wine. In what is believed to be a first for winegrowers in the New World - wine growing countries outside Europe - Gimblett Gravels wines are based on the ultimate designation of their district according to a tightly specified soil type as the Gimblett Gravels Winegrowing District, covering 800ha, is strictly determined by the gravelly soils laid down by the old Ngaruroro River, which were exposed after a huge flood in the 1860's.

DAY 9 – Jan 24 – Napier - Wellington (B, D)

*Named after the Duke of Wellington, Arthur Wellesley, and situated at the southern end of the North Island, **Wellington** is the capital and the political center of New Zealand and was recently named "the coolest little capital in the world" by Lonely Planet. Some say its name was coined by gold prospectors, captivated by the regal beauty of the surrounding mountains and rivers. It's iconic scenery also resulted in the city and the surrounding area being the backdrop for many of the scenes in the highly-acclaimed "The Lord of the Rings" movie trilogy. Queenstown's dining scene and watering holes are also legendary with its compact size making for a vibrant atmosphere in any season.

DAY 13 – Jan 28– Milford Sound cruise (B, L)

Te Anau

Milford Sound

Situated on the west coast of the South Island, **Milford Sound** is a fusion of spectacular natural features with amazing visual cues around every corner. Described by Rudyard Kipling as the 'eighth wonder of the world', Milford Sound is a breathtaking, 16km long fjord carved by glaciers out to the Tasman Sea during the ice ages. The fiord's cliffs rise vertically from the dark waters, mountain peaks scrape the sky and waterfalls cascade downwards, some as high as 1000 metres. It is breathtaking in any weather. and, when it rains in Milford Sound, and it often does, those waterfalls multiply with magnificent effect.

From Queenstown, travel along the shores of Lake Wakatipu and through the rolling countryside to **Te Anau** - a picturesque town on the eastern shore of Lake Te Anau, the largest lake in the South Island in **Fiordland National Park**. Lake Te Anau is the largest lake in the South Island . There will be time for photo stops and short walks along the way. Afternoon and evening at leisure to explore this spectacular town independently.

DAY 15 –Jan 30 - Queenstown - Franz Josef Glacier (B, D)

It seems improbable that you could find a glacier on a South Pacific island and ice in a temperate rainforest, but that's New Zealand for you - full of surprises. Nowhere else in the world outside arctic regions will you find glaciers just 300m (1,000 ft.) above sea level and just 12km (7 1/2 miles) from the sea.

*Franz Josef Glacier is one of two glaciers (the other being Fox Glacier) which are just a small part of the 115,000-hectare (284,000-acre) **Westland National Park**, an impressive area of high mountains, glacial lakes, and rushing rivers. In 1990, the combined Mount Cook/Westland National Parks, Fiordland National Park, Mount Aspiring National Park, and all the significant adjacent natural areas were incorporated into a single vast **Southwest New Zealand World Heritage Area (Te Wahipounamu)**, which contains about 10% of New Zealand's total land area, or 2.6 million hectares (6.4 million acres).*

Today, head north along the West Coast on the spectacular Route 6 from Queenstown to **Franz Josef Glacier** in the **Westland / Tai Poutini National Park**. Drive past stunning lakes, including the crystal clear waters of **Lake Wanaka**, and lush rainforests as you traverse the Southern Alps via the 564m **Haast Pass**, named after Julius von Haast, a 19th-century explorer who was also geologist for the Provincial government of Canterbury.

Arrive at Franz Josef and check-in to your hotel. Dinner at the hotel. Overnight in Franz Josef.

Day 16 – Jan 31 – Franz Josef - Tranz Alpine Express - Christchurch (B, D)

Known as the 'Garden City', **Christchurch** is interwoven by two rivers linking parks, gardens and avenues. Bordered by the Port Hills and the Pacific Ocean, it is situated on the Canterbury Plains with the Southern Alps as a majestic backdrop. The award-winning Christchurch Botanic Gardens feature one of the finest collections of exotic and native plants found in New Zealand,

In February 2011, Christchurch was hit by a huge earthquake. Much of the central city with its classic neo-gothic architecture was destroyed. But it remains a beautiful city, a city where you can cycle alongside the river or indulge in fine sophisticated dining. The historic buildings remaining are being restored and quake-proofed and the old tram is back on the tracks running from New Regent Street, the 1930s Spanish Mission retail pedestrian street, through 'the square', past the Arts Centre and onto the gothic revival building which houses the 1869 Canterbury Museum.

Continue today on Route 6 beside the Southern Alps as you continue to head north through these spectacular landscapes.

Stop at the coastal town of **Hokitika**, one of the early historic mining towns first settled in 1860, after the discovery of gold on the west coast. It was an important river port, but many ships came to grief on the notorious 'Hokitika Bar' – a sandbar that shifts with every tide. However, before the gold rushes, Maori were already heading here in search of another precious stone – pounamu which was prized for its strength, durability and beauty and used for weapons, tools and personal ornaments – it also denoted great status. Pounamu was found in the Arahura River and is also known as greenstone or New Zealand jade. Visit a **local Jade Factory** to see how the stone is finished and made into beautiful jewelry and ornamental pieces.

Continue along the coast and then inland to Arthur's Pass to board the famous **Tranz Alpine Express** to Christchurch. Enjoy thrilling vistas over deep gorges along one of the most spectacular train journeys in the world. Travel alongside the ice-fed Waimakariri River and traverse the mighty Southern Alps where chiseled alpine landscape will take your breath away at every turn.

Upon arrival at the station in Christchurch you will be transferred to your hotel.

Farewell dinner will be at Curator's House.

Overnight in Christchurch.

We offer two insurance coverage options –

Non-medical package – There are **significant inherent cancellation penalties** associated with your booking as detailed in our booking terms and conditions and this insurance package provides coverage for all monies paid for your trip if you should have to cancel due to medical, or other listed, reasons either relating to yourself or a member of your immediate family. It also covers you for trip interruption costs short notice return flight home etc) for medical reasons again, either relating to yourself or an immediate family member as well as flight and travel accident and baggage insurance.

Deluxe package – provides coverage for all the components in the non-medical package, plus unlimited health coverage while in the destination

Note, if you believe you may have coverage through your **credit card** we would strongly advise checking with the credit card company the actual coverage afforded to ensure it covers medical, trip cancellation and trip interruption as not all of these items are covered (or may only offer limited coverage as to trip duration or insured \$amount in the event of a claim - sometimes as low as only \$1,000 per person) by all kinds of cards.

SINGLE PASSENGERS TRAVELLING TOGETHER: If you are travelling with a companion and each paying separately the regular each of two double sharing accommodation rate and your companion decides to cancel, the remaining travelling passenger will be responsible for either finding a replacement travelling companion to take the cancelled passenger's place or must pay the single supplement and travel on a single basis.
